

Learn how you can “Prevent Proficiency Loss” at ACTFL 2019!

Without a structured sustainment routine, language students will steadily lose proficiency that took months or even years to build. But what is a “structured sustainment” routine? Is it really possible to support and enforce sustainment across a workforce of dozens or hundreds of learners? **That’s what we’ll be discussing in our presentations at ACTFL 2019 on November 22-23!**

In “Preventing Proficiency Loss”, members of our [Cohorts](#) team will explain how targeted, asynchronous lesson streams and rapid authoring technology can eliminate proficiency loss between courses—and how you can implement this flexible approach to meet your language maintenance goals.

You can choose from two session times:

Friday, November 22, 2019

2:30 pm – 3:20 pm

Walter E. Washington Convention Center, Exhibit Halls D – E, **Workshop Room #2**

E26 Preventing Proficiency Loss

Saturday, November 23, 2019

11:30 am – 12:20 pm

Walter E. Washington Convention Center, Exhibit Halls D – E, **Workshop Room #2**

E62 Preventing Proficiency Loss

Want to learn more about how Transparent Language supports acquisition, sustainment, and enhancement? **Our team will also be in Booth 511 all weekend**, giving demos, previewing new features, answering questions, and gathering feedback. Come by, say hi, and see what’s new.

Not able to attend ACTFL this year but still want to chat with our team? Reach out to usg@transparent.com to ask questions or schedule a training.
