

Refresh your Learned Vocab Offline

More offline capabilities are coming to the CL-150 mobile app, starting with Learned Vocab.

You can now refresh and add to your Learned Vocab—even if you're offline.

Vocab that's been newly added or refreshed while offline will sync next time the app comes online.

- Stuck on a long flight with no WiFi? Perfect time to [tackle all those stale words](#).
- Encounter a new phrase while reading the news? [Add custom items](#) to your Learned Vocab ASAP.

Don't have the app yet? Download the CL-150 app in the [Google Play Store](#) or the [Apple app store](#).
